CDS - Math and Programming Prerequisites (Module 0)

Mini-Project - November 03, 2024, 09:00 am to 12:30 pm

Data Analytics and Pandas (Google Playstore)

This Mini-Project is a team activity. The Mini-Project has been released in advance i.e. on November 03, 2024, to facilitate your preparation for the activity. Each team will work in a separate Zoom breakout room for this activity. Mentor's guidance will be available during the Mini-project activity (November 03, 2024, 09:00 am to 12:30 pm).

This is an **ungraded** Mini-Project. The Problem Statement, Objective, Background, Dataset, and Steps for implementation are provided within the Mini-Project Notebook (Colab). Also, there are reference links given as hints for code implementation within the notebook.

During the Mini-Project session, the mentor can be approached for guidance when there is difficulty in implementing specific steps. However, it is the team's responsibility to work towards the solution in the given time. Your team's solution notebook should be presented to the mentor, latest, between 11:45 pm - 12:15 pm on November 03, 2024. The mentor will record the attendance of each team member on November 03, 2024.
